PROFESSIONAL SUMMARY

Mobile App Developer and BSCS student with experience in building cross-platform mobile applications using Flutter, Dart, React Native, and TypeScript. Experienced in developing responsive, user-friendly applications and integrating backend services using Supabase and Firebase, with knowledge of SQL and PostgreSQL databases. Skilled in API integration, authentication, database management, state management, and application development. Strong problem-solving abilities, a fast learner, and passionate about building efficient mobile solutions while continuously exploring modern technologies and AI-powered features.

TECHNICAL SKILLS

Mobile App Development: Flutter, Dart, React Native, TypeScript, React Hooks, Component-Based Architecture, State Management, Responsive UI
Backend & APIs: Supabase, Firebase, REST APIs, API Integration, Authentication & Authorization, JWT
Databases: PostgreSQL, SQL, Firebase, Supabase Database
State & Data Management: Zustand, TanStack Query, AsyncStorage, Secure Storage
AI & Development Tools: ChatGPT, Claude, GitHub Copilot, AI Integration, Prompt Engineering
Development & Version Control: Git, GitHub, Android Studio, VS Code
Soft Skills: Problem Solving, Logical Thinking, Debugging, Algorithmic Thinking, Team Collaboration

EDUCATION

Matriculation (Science) | 2018-2020

Army Public School, Jalal Pur Jattan Cantt, Gujrat | Percentage: 84%

Intermediate (Intermediate in Computer Science - ICS) | 2020-2022

Punjab Group of Colleges, Jalal Pur Jattan, Gujrat | Percentage: 78%

Bachelor's in Computer Science | 2023-2027

University Of Gujrat | Expected Graduation: 2027 | Current CGPA: 3.36

EXPERIENCE

Mobile App Development Intern | July 2026 – September 2026

Qodeon Labs, Gujrat

PROJECTS

ElectroMart | Electronics E-Commerce Mobile App

Tech: React Native, TypeScript, Supabase, React Navigation, Context API

- Developed a cross-platform e-commerce app with Supabase authentication and user profiles.
- Implemented product browsing, search, categories, wishlist, cart, and order management.
- Added persistent sessions, order history, and dark/light theme support.

Shamas Al Kananah | E-Commerce Mobile App

Tech: Flutter, Dart, Firebase

- Custom-built mobile e-commerce application for the industrial and hardware retail sector.
- Allow customers to browse and purchase Electrical, Plumbing, Hardware, and Tools products.
- Supports both Arabic and English with a fully bilingual experience.
- Designed to deliver reliable and efficient mobile shopping experience.
